

## Find your shoe size

1. Place heel against wall
2. Stand upright placing your full weight on both feet
3. Someone else draws a line by the tips of your toes
4. Measure the distance from the wall to the line
5. Compare the length with the size table below

With the Koryo and Gaya models it is a good idea to buy the next size up.

### Men's foot length in mm

FL in mm	260	265	270	275	280	285	290	295	300	305	310
EUR	40 1/3	41	41 2/3	42 1/3	43	43 2/3	44 1/3	45	45 2/3	46 1/3	47

### Ladies' foot length in mm

FL in mm	220	225	230	235	240	245	250	255	260	265	270	275
EUR	35	35 2/3	36 1/3	37	37 2/3	38 1/3	39	39 2/3	40 1/3	41	41 2/3	42 1/3
